the new edition of a comprehensive treatment of monetary economics including the first

extensive coverage of the effective lower bound on nominal interest rates this textbook presents a comprehensive treatment of the most important topics in monetary economics focusing on the primary models monetary economists have employed to address topics in theory and policy striking a balance of insight accessibility and rigor the book covers the basic theoretical approaches shows how to do simulation work with the models and discusses the full range of frictions that economists have studied to understand the impacts of monetary policy for the fourth edition every chapter has been revised to improve the exposition and to reflect recent research the new edition offers an entirely new chapter on the effective lower bound on nominal interest rates forward guidance policies and quantitative and credit easing policies material on the basic new keynesian model has been reorganized into a single chapter to provide a comprehensive analysis of the model and its policy implications in addition the chapter on the open economy now reflects the dominance of the new keynesian approach other new material includes discussions of price adjustment labor market frictions and unemployment and moral hazard frictions among financial intermediaries references and end of chapter problems allow readers to extend their knowledge of the topics covered monetary theory and policy continues to be the most comprehensive and up to date treatment of monetary economics not only the leading text in the field but also the standard reference for academics and central bank researchers

the fourth edition of this widely used text includes updates about the many changes that have occurred in canadian foreign policy under stephen harper and the conservatives between 2006 and 2015 subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of canada s foreign policy bureaucracy as in previous editions this volume analyzes the deeply political context of how foreign policy is made in canada taking a broad historical perspective kim nossal stéphane roussel and stéphane paquin provide readers with the key foundations for the study of canadian foreign policy they argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why canadian foreign policy looks the way it does one must look at the interplay of all three

social work policy practice changing our community nation and the world now in its fourth edition is designed to illuminate the process of policymaking and its significance in the social work profession in a way that resonates with today's students it offers readers a thorough but accessible introduction to political advocacy and the mechanisms of political processes aimed at promoting social justice the book is divided into three parts in part i students are guided through the history of social welfare legislation in the united states including the pivotal contributions of social workers in policy development part ii methodically unpacks the levels and branches of government providing a detailed perspective on the policy change process along with strategies that advocates use to effect change part iii consists of real world examples where advocates and organizations have taken action to modify policies for the benefit of various vulnerable populations in sectors such as healthcare mental health children and families aging immigration and civil rights this edition has been robustly updated to reflect the latest with respect to policy issues in child welfare aging healthcare women's rights lgbtq rights mental health poverty and income inequality rights for bipoc and immigration key updates to this edition reflects the latest regarding policy issues in child welfare aging health care mental health poverty and income inequality immigration and rights for women lgbtq individuals people with disabilities and communities of color contains fresh material on policies that were enacted during the biden administration the continuing political divisions in the u s and the 2024 presidential election presents new material on disability rights and how advocates with disabilities worked to get the americans with disabilities act passed into law after reading this book undergraduate and graduate students in courses such as social work policy practice political advocacy in social work and legislative process for social workers will have a thorough understanding of why social work practice includes policy practice and why this must be one of the tools in our toolbox for creating needed social and political change at the macro level explore the differences in the table of contents between the third and fourth editions watch jessica ritter talk about what's new and notable to the fourth edition of this text
